Local Girls Team In Undefeated Class

GENERAL MATH.
By John Hall

The business arithmetic class for the last ten days had a very interesting game in playing bank. We organized an Appomattox National Bank, with a capital of $50,000. We sold $17,000 in stock to the class and started a stock company. William Mitchell was elected president, G. C. Martin vice-president, and Aubrey Martin was secretary and treasurer. We had Jimmie Dickerson secure the charter. Billy Childress, Carolyn Paulette, James Harvey, Rachel Coleman and Warren Heaton were on the board of directors. Bank officers were: Billy Childress, president; Abbitt Coleman, cashier. The bank was opened on October 12, 1939. First day's deposits amounted to $40,000, part in certificate and part in checking account. We loaned out the first week, on good security, $40,000. One $500 note came due and Pauline Trent "refused" to pay it. The cashier warranted her and secured a judgment before trial Justice William Mitchell. Her father's farm is to be "sold at auction" on November 13, 1939, to collect judgment on the note. We, the class, feel like we learned the following from the experience: charter, stock market, banking investments, writing checks, national banking, state banking, interest, discount, homestead act, auction sales, voting of stock, need of Federal Reserve bank, below and above par, how banks fail, short ways to compute interest, and many more.

We enjoyed the 10 days spent in modern business very much.

SUNSET

Whe, the night is drawing nigh,
You look into the heavens high,
See the clouds go rolling by,
Like soft snowballs in the sky.

Westward, westward we will gaze,
And see the flicker of a blaze,
Fleeting sunshine of the day,
Vanishing, fading far away.

Hating to leave this beautiful scene,
Knowing tomorrow will bring it again,
Now we will have to say good-bye,
To this golden sunset in the sky.

A rather spectacular and exciting basketball game was played on Thursday, October 26, between the Amherst high school girls and the Appomattox high school girls on the Amherst home court. From the starting play, the Appomattox girls completely out-classed Amherst. The final score was 28 to 0. This was pleasingly surprising, since these two teams tied 8 to 8 in the opening game here. The game was won because of excellent team-work on the part of the Appomattox girls.

The line-up:

Amherst: Mary W. Wattes and Margarde Brown, forwards; Sarah Wailes and Majorie Selvage, centers and Ella Meeks and Lillian Smith guards; substitutions, forwards, Ella Meeks at forward; Elizabeth Meeks at center; Margaret Brown, Eliza both Lowhorn and Vera Whitehead as guards.

For Appomattox: forwards, Catherine Jones and Hilda Mitchell; centers, Edith Harris and Mary Jones; guards, Dot West and Eunice Hancock; substitutions, Clara Whitney Moses.

The scores of games to date:

Oct. 5, here, Appomattox 8, Amherst 8;

Oct. 12, here, Appomattox 32, Pamplin 13;

UNIVERSALLY POPULAR
The "Sunday School Lesson" published each week in this newspaper has been adopted by thousands of church instructors throughout the United States as a regular part of their weekly work.
It is a review and exposition of the international lesson for each week, prepared by Dean Harold L. Lundquist of the Moody Bible Institute at Chicago, a recognized leader in the nation's church work. Dean Lundquist has been active in teaching youthful groups for years, thereby acquiring an insight into the needs of these people for understandable explanations of Bible passages.
In view of his accomplishments in church work, it is not surprising that Dean Lundquist's exposition of the weekly Sunday School lesson is being used in almost every community of the nation. As teacher or student you will find it extremely helpful.

Last week "Parson" Burnette and Duval Conner went bear hunting down in the Dismal Swamp section. Carl Nolting, a member of the party shot a 176-pound bear, and the two Appomattox sportsmen brought back "bear meat" to their friends.

Dan Cupid has been on a terrific romp in Appomatox county this year. That is, if we go by the number of marriage licenses issued. Appomattox county is running away behind last year in number of marriages. Guess that "debunks" the statement that men rush to get married upon the rumor of war.

Jailor E. T. Mitchell reports an almost full house at the local jail—with twelve prisoners.

The fur will fly at the local bowling alley tonight. A tournament has been arranged between the husbands and their wives! I'll be the man behind that red face tomorrow!

Nothing could have kept me from Sunday School last Sunday! Saturday afternoon we drove to Richmond to witness the Richmond - V. M. I. football game and just as we took our seats it began raining. And for the next two hours, along with 15,000 others we sat out in a downpour to watch the game! It was still raining Sunday morning, but conscience wouldn't permit me to stay away from Sunday School!

From the Halifax Gazette, we clip the following: "Ragson Tatters, well-to-do farmer, of Brunsville, dressed into the newspaper office one other morning, took the most comfortable chair, and started talking. I was talking to the banker the other day, and he says that the trouble with farmers is that they don't diversify enough. 'You farmers put all your eggs in one basket,' he says. 'If you'd sell, and one crop failed you'd have something else to get you by.' That's good advice, I says, 'and I'm surprised that you don't take it yourself. From what I hear, the banking business ain't none too good, account the follows that want to borrow money ain't as likely to pay it back, and them whose credit is good don't want to borrow. What you ought to do,' I says, 'is to diversify. You've got a good lobby in the bank. Why don't you get some tables in and serve sandwiches and pop? Then I notice you don't have enough room for more than half the time, so you might put in a barber chair and do little shaving and hair cutting on the side. Or maybe you might have that little lady over there by the sewing machine knix socks in her spare time. There's a good demand for socks in this time, especially in the winter time. If she ain't so good at knitting, she might do a little mending. The point is,' I says, 'that if diversification is good for you, too, it ought to be good for you, too. I say time you need any more good advice, just call on me.' Where-upon Ragson Tatters asked for a copy of the latest issue of the paper, pressed his hands vocally, and emerged one."

Picked from the Halifax Gazette: It looks like it is going to take more than a long to settle down, as it is to settle up .... We wonder if that school children are going to do any learning geography, with nations changing boundries so frequently .... A mother was telling a friend the other day that her son is a Half Back on th eschool football team, but it was his first year playing the game and that next year would be a Whole Back .... Virginia Record Good on School Bus Operation

Few Accidents are Reported By School Superintendents

By Robert C. Harper

According to the annual reports of the division superintendents of schools for the school year 1938-39, there were operated 2,373 motor vehicles transporting 153,884 pupils a distance of 12,644,180 vehicle miles or a total of 410,935,850 passenger miles. With this tremendous amount of transportation only 59 accidents were reported for the year, which resulted in the death of two pupils and one other person. Twelve pupils were reported as being seriously injured and 50 pupils as receiving minor injuries.

Accident Facts, 1939 edition, published by the National Safety Council, Chicago, Illinois, for the year July 1937 to June 1938, for commercial passenger travel on 48 intercity fleets operating a total of 2,256 buses reported 7,119 accidents for 12,644,180 bus miles or 1,247 accidents per 100,000 bus miles. The commercial bus rate of accidents as reported above is, therefore, more than two and one-half times as great as the school bus rate of accidents reported for the school year 1938-39.

Computed on a mileage basis, only one school bus accident occurred for each 214,308 bus miles operated, and only one person injured for each 6,322,090 passenger miles operated.

During the past ten years there has been a tremendous increase in both the number of pupils transported to the public schools in the State and the number and types of motor vehicles in operation. For the school year 1928-29 there were transported 60,688 pupils with 1,361 vehicles in operation, many of which were wagons and school buses of small type equipped with factory built and home-made wood bodies. During the school year 1938-39, there were transported 153,884 pupils with 2,373 motor vehicles in operation, practically all of which were equipped with the regular factory built school bus bodies of the larger and more substancial wood and all steel types. An increase is therefore shown for the ten year period of 105,776 pupils transported and 1,012 vehicles in operation.

Book Week to Be Observed in Appomattox

Announce Plans For Observance At Local High School

By Josephine Murray

The library Club of the Appomattox high school will sponsor the chapel program for Wednesday, November 15, in which each English, drama and public speaking class will portray a character from a book. Constance Fulp, president of the club, will preside at the program, and will give a brief history of the origin of Book Week.

The program given will be in the form of a Book Fair, the characters will start the program by having a parade in the auditorium.

Charles T. Moses, who was elected "Barker" of the Fair, will lead the procession and will introduce each character.

Three judges will be present and a first and second prize will be awarded for the best impersonation given.

After the program, and during lunch hour, the persons having part on the program will parade through town, led by the barker, Charles T. Moses. Be on the town drug store corner to watch your favorite character go by!

The club is also sponsoring a silver tea, which will be held in the library on Wednesday, November 15 from two until four o'clock. All patrons and friends of the county are given a cordial invitation to visit the library at this time.

Red Cross Drive Opens November 11th

JOIN
RED CROSS

Rev. W. M. Black, chairman of the annual Red Cross Roll Call for Appomattox, has announced everything in readiness for the opening of the membership and gift drive on November 11th, to extend through November. The workers are asked to get off to a big start during the first week end of the drive. Every section of the county has been organized, but if persons are not seen by the workers they may send their $1.00 membership fee to Rev. Black at Pamplin; to Miss Eula May Burke or either of the banks at Appomattox.

Due to the increased need for the various services rendered by the Red Cross, no quota has been given Appomattox, but the workers have been given the general instruction to work for the biggest Red Cross enrollment in the history of the county. Much of the membership fee remains in the local county for aid to the needy.

Expect $50,000 in Soil Checks

Soil conservation checks for 1939 cooperating farmers will amount to approximately $50,000 for Appomattox county. This is slightly less than the 1938 total.

The checks will not be received all at one time, since the necessary data was sent to the Department of Agriculture as received and filled in. They should begin arriving around the first of December.

Anti-Rat Campaign Tuesday

Appomattox People Asked To Put Out Red Squill

In order to boost the Anti-Rat Campaign in Appomattox, the Ruritan Club is offering three cash prizes of $3, $2 and $1 to the boy or girl bringing in the most "RAT TAILS" to the County Agent's office by Friday!

Next Tuesday night has been designated as the time for the "Rat Banquet" in Appomattox.

Tuesday afternoon, the Appomattox Ruritan Club will sound a church bell signal for property owners to put out the RED SQUILL poison to war on the rats. Every property owner is urged to cooperate, and put out the poison the same night.

Red Squill is not harmful to humans or to household pets, so there need be no fear of using it.

Complete directions for its use accompany each package.

The Red Squill will be distributed by means of a house-to-house canvas of the town by members of the Ruritan Club.

The following Ruritan members will call on property owners in the area listed after their names:
